Wireframe Descriptions for the Web App

This document describes the structure and layout of the key screens of the web application. These descriptions will be used to create visual wireframes for the presentation.

Screen 1: Login & Registration

- **Header:** Logo and "Welcome to GameMatch AI".
- **Main Content:** A split-screen or simple modal featuring fields for Username, Password, and necessary demographics (Age, Gender) for tailored recommendations.
- **Footer:** Links to Terms of Service, Privacy Policy.

Screen 2: User Dashboard (Post-Login)

- **Top Bar:** User profile icon, current stats (e.g., number of quizzes taken).
- **Center Canvas:** A prominent "Start New Match Quiz" button.
- **Sidebar or Lower Section:** "Previous Matches" history, displaying tiles of past recommended games.

Screen 3: The Interactive Quiz

- **Progress Bar:** Located at the top, showing the current step (e.g., Step 1/3).
- **Question Area:** Large, clear text (e.g., "What device are you playing on?").
- **Options Grid:** Clickable cards or buttons representing choices (PC, Console, Mobile) with respective icons.
- **Navigation:** "Next" and "Back" buttons to traverse the quiz steps.

Screen 4: Processing "AI" Screen

- **Visuals:** A central loading spinner or simulated data-analysis animation.
- **Text:** Dynamic messages like "Analyzing your gamer profile...", "Scanning 600+ games...", "Calculating perfect match score...".

Screen 5: Top 10 Recommendations Results

- **Header:** "Your Top 10 Game Matches".
- **Main Layout:** A responsive grid (gallery) displaying the 10 recommended games.
- **Game Card Details:** For each game in the gallery, show the Cover Image, Title, AI Match Score (e.g., 95% Match), and a brief one-line description.
- **Interactions:** Clicking a card opens a modal (Screen 6).

Screen 6: Game Details Modal

- **Overlay:** Appears over the gallery.
- **Content:** High-resolution game cover, full description, specific reasons why it matched the user's input (Time match + Vibe match), and external links (e.g., "Search on Google").

Content for Presentation Slides (Task 2)

- **Slide 2.1: Entry & Dashboard Wireframes:** Describe Screens 1 and 2.
- **Slide 2.2: The Quiz Flow Wireframes:** Highlight Screens 3 and 4, showing the user journey.
- **Slide 2.3: Results & Details Wireframes:** Focus on Screens 5 and 6, presenting the Top 10 gallery.
